Welcome words City of Helsinki

Welcome to Helsinki! I am happy that Helsinki gets to host a sprint relay of the Orienteering World Cup. We can expect a lively audience event right in the core of the city. This is, in fact, the first ever international major competition contested in the centre of our capital.

This competition offers us a great opportunity to see and live top-level orienteering up close. Our goal is to offer a unique orienteering experience for all in the centre of Helsinki and, at the same time, test the limits of orienteering. We will see what kind of experience it is to practise top-level orienteering in the centre of a large city.

A public orienteering event will be arranged before the competition. Everyone can try their orienteering skill in the urban environment. An increasing number of people are looking for sports events, where you can also try the sport yourself.

One of the City of Helsinki’s most important strategy goals is to reduce the physical inactivity. It means providing support for exercise and movement in the everyday lives of the people. Encouraging young people to engage in sports hobbies is an important part of this goal. I believe that events like the sprint relay will again attract new people to orienteering. The joy of exercise and sports is inspiring.

Helsinki’s vision is to be the most functional city in the world. I hope that the participants of the Orienteering World Cup find Helsinki functional as well. I hope that Helsinki offers you also other interesting things to see and do.

I wish you a warm welcome to summery Helsinki! Good luck and success to the competitors!

Nasima Razmyar
Deputy Mayor for Culture and Leisure
City of Helsinki
Patron of the competition
Vihti municipality welcomes all athletes, their support troops and the viewers to the Orienteering World Cup in Vihti on the 8th and 9th of June 2019.

The Orienteering World Cup in Vihti is one of the main sporting events in Vihti in year 2019. The event takes place in the terrain of serene and beautiful Nuuksio forest nearby where the area is perfectly suited for orienteering and offer just the right amount of challenges to the contestants. Wide forests, the landscape that is known from many paintings and literal and pieces of Finnish culture and the bodies of water that cross the areas are also a sight for joy.

We feel happy and privileged that the World Cup takes place in Vihti. Vihti has a long tradition of orienteering that has carried on to the present day. Many local orienteers as well as from the neighboring areas know the orienteering events that take place in Vihti - whether it's just for fun and fitness, sprint, competition between teams from companies, long distance races and national events. For many people in Vihti orienteering is also an important part of their overall fitness regime. We owe great gratitude to the local orienteering organizations and the orienteering champions, who have risen from amongst their ranks, for their work to bring the discipline forward.

I wish all the best to the competitors in their challenge. Orienteering in a clean, serene, esthetically pleasing environment enhances the experience. And even though Vihti is beautiful no matter what the weather is, I hope the weather will be nice. You are all welcomed to visit us again!

Erkki Eerola
Mayor of Vihti Municipality

Middle

The start order is determined strictly by the standing of the IOF Orienteering World Ranking List as of 6th June 2019 (highest ranked start last). The start interval is 90 seconds.

Placings will be determined by order across the finishing line for those who start in the true chasing start.

Any runners more than 20 minutes behind the winner in the Middle will start from 20 minutes after the first start at 15-second intervals, in order of placings in the Middle; all such competitors will be ranked after those who started in the normal chasing start, and in order of their total time for the Middle and Chase start. Competitors who are not placed, or do not start, in the Middle may start in the Chase start after all other runners, but are not eligible for an official result.
